**Thorntons Releases New BurgerRito Lineup Designed for On-The-Go Guests**

*Serving Up New Food Innovation During Breakfast and Lunch Dayparts*

**(Louisville, KY – September 30, 2020)** – Thorntons is excited to announce our latest Fresh Food product launch, the BurgerRito! It's a combination of what we do well (burritos) and classic profiles usually reserved for the fast casual dining scene (burgers). Our BurgerRitos provide a great value—they are fully dressed, built for the road and pack a ton of flavor. On-the-go Guests can choose from three tasty options:

- Cheesy Breakfast is our take on the breakfast burger in burrito form
- The Classic Bacon offers a classic backyard flavor in a mess-free format
- Our Spicy 3 Pepper is designed for those who need a little extra spice in their life

BurgerRitos are the latest in a series of successful Fresh Food product launches and production changes over the past six months. These days, our Guests are not only presented with a variety of food offerings but are also able to purchase their food items later in the day. Hot and fresh crave-worthy products— including BurgerRitos, Pepperoni Pizza Wedges and Batter-Dipped Corn Dogs—are now available late into the afternoon at all of our kitchen Stores.

“We’re proud to introduce the BurgerRito to our hotplate line up. It’s a unique, delicious and cravable fresh food choice available throughout the day for our on-the-go Guests,” said Brian Scantland, Vice President of Fresh Food Operations. “With this innovative approach, we are able to deliver a variety of hot, hearty and portable products that are high quality and full of value.”
